

DESIGN FEATURES

- Successfully tested to comply with Australian standard AS 2047
- Finger grip built into the top and bottom sash rails for ease of use.
- Sashes operate individually on adjustable sash balances.
- This window type will couple to all of the cedar range vertically. Glass is sealed from both sides to prevent leakage.
- Double Hung sashes are secured with an industry standard key lock in a variety of colours.
- Wide top & bottom rails give the window a bold appearance.
- Fixed sill has a tapered design to assist drainage.
- 168mm sill available.
- Sash horns available.
- Double Hung windows are an excellent option for ventilation.
